

**2019 DESIGN CRITERIA  
UPDATES**  
**Summary of Changes**

A. STREETS

1. Revised note 1 to the following: Street width measured from curb back to curb back. Additional width may be required to accommodate turn lanes and **ADA sidewalk ramps** as necessary.

C. TEMPORARY CUL-DE-SACS

1. Deleted entire section. Temporary cul-de-sacs will no longer be allowed instead a full cul-de-sac shall be constructed in areas where a street will be extended in the future. When the future extension occurs the cul-de-sac shall be re-constructed to a typically street section.

G. STORM DRAINAGE

1. Deleted the 5<sup>th</sup> bullet point: **At the end of Section 5608.4, add the following sentence: "Detention basins designed to accommodate the 1% storm event shall not be combined with bioretention."**
- Corrected page, table and figure numbers.
